Sir:

Further to the telephone interview of October 28, 2009, please
enter the following Interview Summary:

On September 14, 2009, a telephone interview was conducted
between Examiner Piziali and the undersigned in connection with the above-
identified application. During that interview, it was emphasized that the claims
were directed to a fabric "consisting of" carbon fibers, which language excludes
materials other than the carbon fibers. Examiner Piziali agreed that McCullough,
which discloses a fabric containing a blend of carbonaceous fibers and natural

and/or synthetic polymeric fibers, did not anticipate the herein claimed invention.

On October 14, 2009, Examiner Piziali left a voice mail message requesting authorization to cancel claim 19.

On October 28, 2009, the undersigned telephone Examiner Piziali to authorize him to cancel claim 19.

Respectfully submitted,
